The California Science Center is on a mission to stimulate curiosity and inspire science learning in everyone.

The Partners in Learning annual giving program supports the hands-on exhibits, programs and operations that make the California Science Center a valuable educational resource and family destination.

Our Partners in Learning enjoy a unique connection to the California Science Center—priority access to our galleries and special exhibitions, exclusive invitations to events and programs, and other privileges to share with loved ones and colleagues.

Join the mission to support science learning for everyone!

At the California Science Center, the wonders of human innovation and the natural world come alive through spacecraft and sea creatures, through hands-on exhibits and memorable experiences—all made possible with philanthropic support from people just like you.

For more than 20 years, the Science Center has been using authentic artifacts and hands-on exhibits to stimulate curiosity and inspire science learning in 34 million guests and counting. For many young people, these eye-opening experiences and the memories that stay with them as they grow up can spark a lifelong interest in science and exploration.

Our Partners in Learning are a key part of the equation, helping sustain our educational exhibits and programs to provide a world-class science learning opportunity for people of all ages and backgrounds.
Support the California Science Center Foundation! As a Partner in Learning, your gift will benefit millions of children and families who visit the California Science Center, general admission free, to explore and be inspired.

IN APPRECIATION, SPECIAL BENEFITS ARE AVAILABLE TO ENHANCE YOUR SCIENCE CENTER EXPERIENCE

Boost your support with a combined gift for Partners in Learning and EndeavourLA!

In addition to the essential support you’ll provide as a Partner, you can help us build the Samuel Oschin Air and Space Center by sponsoring a Team Endeavour shuttle tile.

The California Science Center’s next expansion project will double our exhibition space and introduce hundreds of new exhibits and artifacts, including Endeavour displayed in launch-ready position as part of the world’s only complete space shuttle stack. This major addition will greatly increase the Science Center’s capacity to educate and inspire future scientists, engineers and explorers.

Count me in! I will support the Science Center as a Partner in Learning with a gift of:

- $50,000  
- $25,000  
- $10,000  
- $5,000  
- $2,500  
- $1,500

Add a tile! In addition to my Partners gift, I will support EndeavourLA with a tile sponsorship of:
