WELCOME TO SUMMER 2019

Enroll your child today for a fun and engaging summer of science and exploration!

Exciting explorations, delightful discoveries and wild wonders await your child this summer at the California Science Center's Hands-On Science Camp. Hands-On Science Camp offers weeklong day camps for children in **Pre-K through 10th grade** with more than 30 courses investigating **physics, chemistry, biology, space and Earth sciences**. Camp is staffed with trained educators that hold degrees in science and/or education and working professionals from a variety of science fields.

Hands-On Science Camp takes place in the **Wallis Annenberg Building for Science Learning and Innovation**, which houses cutting-edge classrooms, and the **Big Lab**, a 32,000-sq-ft learning environment containing four major experimentation platforms for investigation and exploration.

Campers also explore the **California Science Center** where they experience the wonders of science through interactive exhibits and live demonstrations in three hands-on galleries — **Creative World, Ecosystems, and World of Life**, as well as our newest exhibit experience, the **Samuel Oschin Pavilion**, which features the **Space Shuttle Endeavour** and **ET-94**, the world's last remaining flight-qualified space shuttle **External Tank**.

ENROLLMENT DATES

Members: February 11, 2019

Non-Members: February 19, 2019

Scholarship Applications: March 4, 2019

SCHOLARSHIPS

Hands-On Science Camp scholarships are generously provided by donors including The John Randolph Haynes and Dora Haynes Foundation, The Karsten Family Foundation, Laird and Rebecca Malamed, Sandra G. Malamed, The Renken Family Science Camp Endowment, The Sidney Stern Memorial Trust, and THE MUSES of the California Science Center Foundation. We welcome you to join us and make a gift of science learning by providing scholarship opportunities to children and youth in need. For more information about eligibility, or to make a contribution to the Hands-On Science Camp scholarship fund, please call **213.744.7444**.

LITTLE LEARNER PROGRAMS (PRE-K)

ME, MYSELF, AND I

Look at yourself from the inside out. Take an adventure through your body and learn all about the parts that make you YOU! Become the subject as you investigate everything from your five senses to the sound of your own heart. You'll get to visit Tess, our 50-foot body simulator, along with her cartoon pal, Walt!

JULY 8 - JULY 12 12:30PM - 2:30PM

JULY 15 - JULY 19 9:00AM - 11:00AM

CHEM-MYSTERY

From the kitchen to the laboratory, reactions happen all around us! Join us as we try to solve different CHEM-mysteries. Find out what chemicals you have to mix to make slime, and explore the states of matter.

JULY 15 - JULY 19 12:30PM - 2:30PM

JULY 22 - JULY 26 9:00AM - 11:00AM

GOOD VIBRATIONS

Want to be a musician and your parents don't approve? Come join our band... of scientists of course! Build your own instruments and explore the importance of sound for survival and communication. Plunk! Rattle! Bang! Let's get rocking!

JULY 8 - JULY 12 9:00AM - 11:00AM

JULY 22 - JULY 26 12:30PM - 2:30PM

\$165 MEMBERS | \$180 NON-MEMBERS

Explore the scientific wonders of the world with your child! Our parent-and-child classes focus on scientific themes with exciting hands-on activities and crafts. Each fee covers one Pre-K child (age 3 to 4)* and one parent or "big buddy" (18 years and older). Additional adults or campers must register separately at the full fee.

**Campers must be age 3 by the start of class.*

KINDERGARTEN PROGRAMS

INGENIOUS ENGINEERS

Engineer, we have a problem here! Put your problem-solving skills to the test and see which solution works best. Campers will use simple classroom materials to build structures, toys, and other crazy contraptions as they bring their imaginations to life!

Introduce your child to the exciting world of science with our kindergarten programs! Children will explore and experience science with fun, hands-on activities. All children enrolled in the kindergarten programs must be entering kindergarten in Fall 2019. Children must be comfortable with a classroom environment and be able to stay without a parent or guardian for the 2½-hour class.

NEW DOC MCSCIENCE

Get your stethoscopes, gloves and tools to unleash your inner doctor. Get ready for this adventure to discover what makes you unique. Take a journey through the human body to explore your different body systems and discover how your bones, muscles, and organs work together inside your body.

JUNE 17 - JUNE 21 9:00AM - 11:30AM

SEAS THE DAY FULL DAY

Whale hello there! With so much of our world covered in water, join us on an adventure to explore the life inside it. Come on this marine biology tour and learn the efforts that scientists are making to keep our oceans healthy. Experiment with water quality testing, dissect marine animals, and work with our living collections team to help us take care of our animals in the kelp forest.

A-MAZE-ING ROBOTS FULL DAY

Design and build an independent robot that can navigate its way through a maze. Watch as your robots perform a dance you choreograph just for them. Now if you could only teach them to clean your room!

RADICAL REACTIONS

FULL DAY

Take chemistry to a whole new level! Be a chemist and experiment with elephant toothpaste, freeze fruit in liquid nitrogen, and discover the chemistry used in rocket engines by creating your own combustion reactions.

BIOLO-GEE WHIZ

FULL DAY

What does your brain really look like? How does your circulatory system work? You'll find the answers to these questions and more as you explore human anatomy. Delve into the medical industry and learn how various organs function by dissecting fetal pigs. By the end of the week, you will earn your M.D. certificate – Museum Doctor, that is!

SKATE SCIENCE

FULL DAY

Carve out time this summer to explore the mechanics of skating. Put your "goofyfoot" forward as you dissect ollies, vert skating, and all the other physics of fun on wheels. We'll highlight engineering as participants design, build, and decorate their own customized skateboard that will be theirs to keep.

WORKING IN SPACE

FULL DAY

Find out what it takes to live and work in space! Dive deep into weightlessness and carry out a mission underwater in the Expo Center diving pool to learn how astronauts train. Find out about different methods to study objects in space and the cost involved with space exploration. This class is taught by California Science Center curators and educators.

**This class may require a physician's signature to have the students participate in an underwater diving experience.*

PARENT INFORMATION

CONFIRMATION LETTER

A confirmation letter will be emailed within 2-3 business days of receiving your completed enrollment request and payment. A parking pass will be provided with your confirmation letter. The parking pass will allow you free parking for 15 minutes during pick-up and drop-off. If you would like to request a confirmation letter via postal mail or did not receive one, please call **213.744.7444**, or email your request to summersciencecamp@cscmail.org.

SCHOLARSHIPS

A limited number of scholarships are available to qualifying families. For more information about eligibility, or to make a contribution to the camp scholarship fund, please call **213.744.7444**.

YOUNG CURATORS

The Curator Kids Club is now the **Young Curators**. **Young Curators** is open to middle school students entering 7th or 8th grade who live within five miles of the California Science Center. Eligible students are invited to apply for two weeklong scholarships for Hands-On Science Camp, where they can pick two full-day camp classes that most interest them. Family and friends of California Science Center Camp Scholars will be invited to four exclusive educational programs throughout the school year. For more information about eligibility, or to make a contribution to the camp scholarship fund, please call **213.744.7444**.

EXTENDED CARE

Campers taking a full-day class or both morning and afternoon classes can sign up for the Extended Day Program. This program allows you to drop off your camper at 8:00AM (one hour before class begins) and pick them up at 5:00PM (two hours after class ends).

For more information please refer to page 17.

HOW DO I CREATE A FULL-DAY PROGRAM IF MY GRADE LEVEL ONLY OFFERS HALF-DAY COURSES?

Two half-day programs can be combined to create a full day. A supervised lunch period is included when enrolling for a morning and afternoon class. Lunch will not be provided by

the California Science Center Foundation. Campers must bring their own lunch for all day classes. Snacks and water are recommended. Please refer to the Course Calendar on page 14 for more information.

CANCELLATION POLICY

Refunds are permitted up to 14 days prior to the start of your camper's session. A \$25 processing fee will be subtracted from the refund. No credits or refunds will be given 14 days prior to the start of your camp session. In the event that a class is cancelled by the California Science Center Foundation, we will make arrangements for your child to enroll in another class or refund your money.

CHANGES

Class changes must be made 14 days in advance. A \$25 processing fee will be charged for each change made to your reservation(s). There is no guarantee that space will be available in another class and no cash refunds or credits will be given, so please plan carefully before enrolling.

DAY OF CAMP

FIRST DAY OF CAMP

On the first day of camp, parents, guardians, or authorized adults will need to walk camper(s) to the Big Lab inside the Wallis Annenberg Building. Parents, guardians, or authorized adults will need to check in with camp instructors and confirm correct name spelling, emergency phone numbers, health history, and authorized adults for pick-up.

Parking

Please leave your parking pass on your dashboard each day of class. It will allow you free 15-minute parking for pick-up and drop-off. Parents wishing to stay on site must pay a \$12 daily parking fee. Pre-K parents or "big buddies" are required to participate in the class and special parking instructions will be provided in the confirmation letter.

DROP-OFF AND PICK-UP

Drop-Off

On MONDAY mornings, parents/guardians must PARK in the

EXTENDED DAY PROGRAM

FOR KINDERGARTEN – 10TH GRADE CAMPERS

Campers taking a full-day class or both morning and afternoon classes can sign up for the Extended Day Program. This program allows you to drop off your children at 8:00AM (one hour before class begins) and pick them up at 5:00PM (two hours after class ends). The Extended Day Program includes creative and fun group activities led and supervised by camp staff. Snacks for the afternoon will be provided. You must register for the entire week – no single days are offered.

MEMBERS SAVE!

Join today and support science learning for everyone! Not only will you receive a discount on your classes, but you'll enjoy a year of great benefits including free IMAX tickets and exclusive Science Center experiences for Members only!

Joining Is Easy

To become a new Member or renew your current Membership, just fill out the Membership area of the registration form on page 18 and include your Membership payment along with your camp fee. For more details about the benefits and levels of Membership, call **213.744.7504** or visit **californiasciencecenter.org/support/join**.

main parking lot and walk to the Wallis Annenberg Building to check in their camper(s). Please go to californiasciencecenter.org for a map of the grounds. TUESDAY-FRIDAY, parents/guardians must DROP OFF their camper(s) under the United airplane off FIGUEROA BLVD. and STATE DR. Parents/guardians arriving late must park in the main parking structure and walk their camper into the Wallis Annenberg Building.

Pick-Up

Camper(s) must be picked up at the end of the program each day. PARK in the main parking structure and walk to pick up camper(s) on the steps of the Wallis Annenberg Building. To ensure the safety of campers, we require that all students be dismissed by the instructor only to parents, guardians, or authorized adults. Campers will not be allowed to meet parents outside of the pick-up area.

SNACKS AND LUNCH

Lunch will not be provided by the California Science Center Foundation. Camper(s) must bring their own lunches if taking a full-day class or two half-day classes. Snacks and water are recommended. Camper(s) will not be allowed to purchase lunch in or around the Science Center. During lunch time, campers will be supervised by camp staff and taken to their next class. Parents do not need to pick up their camper for lunch if their camper is attending camp for a full day.

SUMMER CAMP RULES

In order to ensure a safe and fun environment for each camper, we ask that you read through the following camp rules with your child. The rules are designed to guarantee the positive learning experience and environment that every child deserves.

Please be respectful of other campers and staff. All campers and staff deserve to be treated with respect and kindness. No verbal or physical abuse will be allowed (examples: fighting, name-calling, and making fun of other campers).

The Hands-On Science Camp staff are there to reinforce the safety and fun of each camper by ensuring the rules are followed.
